- Supports up to a 1920x1200 resolution
 - Reversible, symmetrical USB-C connector
 - Compact, lightweight design
 - Plug and Play—no driver required
- USB 3.1 USB Type C to VGA Adapter - USB C to VGA Black

C2G USB 3.1 USB Type C to VGA Adapter - USB C to VGA Black:

This USB-C to VGA adapter is an ideal solution for utilising the video support built in to USB Type-C ports to feed a video signal from a USB-C equipped laptop, Chromebook or tablet to a VGA monitor or projector to display video. This adapter supports up to a 1920x1200 or 1080p resolution, allowing it to deliver a high-quality video image to the connected display. The compact design of this adapter makes it a perfect pair for BYOD (Bring Your Own Device) applications in education or corporate environments. Additionally, the USB-C connector is user-friendly and has a symmetrical design which is identical on both sides, which means it does not matter if you plug it in upside-down or right-side-up - it will plug in the first time, every time, whilst preventing damage to the connector port.

Performance		Operational conditions	
Maximum resolution	1920 x 1200 pixels	Operating temperature (T-T)	0 - 50 °C
Design		Storage temperature (T-T)	-25 - 70 °C
Product colour	Black	Weight & dimensions	
Power		Weight	320 g
Input voltage	30 V	Logistics data	
		Quantity per pack	1 pc(s)
		Harmonized System (HS) code	84733020
