Contour

Contour Design Balance keyboard Bluetooth QWERTZ German Black

Brand : Contour Design

Product name : Balance

Product code: BALANCE-DE

Contour Balance Keyboard DE

Contour Design Balance keyboard Bluetooth QWERTZ German Black:

The Balance Keyboard is designed to be compatible with RollerMouse Red, Red plus and Free3. When you use the keyboard with a RollerMouse, you get even closer to your workstation and you can easily get to the rollerbar and the keyboard. The ergonomic design, with adjustable legs and a tilt function, makes it easy to adjust between a negative, neutral and positive writing angle.

Balance Keyboard is a Windows keyboard with Windows key setup, but is also compatible with MAC. The keyboard is equipped with media keys that make it easy to perform everyday tasks. The keys can be programmed to fit your exact needs. Traditional function keys (F1-F12) are also available and the Fn lock function allows you to use them whenever you need them.

The keyboard uses smart energy-saving technology, and is available in both a wireless and wired version.
