

Universal Laptop Holder for Monitor Arms

Raise your laptop, free up desk space.

K53801WW

Product Description

At home or in the office, professionals want to be comfortable and productive. Many studies suggest that multiple monitors help increase productivity, including using your laptop as an additional screen. Easily raise or lower your laptop to an optimal viewing level and create an ideal desktop setup with the Universal Laptop Holder for Monitor Arms. It mounts easily to any monitor arm with a standard VESA® 75/100 plate, providing a stable and secure laptop platform that's off the desk and out of the way. Strong but gentle clamps provide a stable and secure platform, freeing up valuable desk space.

Features

- Takes the guesswork out of compatibility by mounting easily to any monitor arm with a standard VESA® 75/100 plate.
- Saves space by using a monitor arm to raise the laptop off the desktop and free up desk space.
- Universally compatible, supports laptops up to 16" up to 4.5kg (9.9lbs).
- Adjustable clamps and safety tabs secure the laptop tightly, preventing it from slipping.
- Open design promotes air circulation to cool the laptop.
- Sturdy construction provides a stable and secure laptop platform.
