Description

The Equip 128966 USB-C 4-Port USB 3.2 Gen 2 Hub is a versatile connectivity solution, expanding your device's capabilities by providing two USB-C and two USB-A ports. This hub is designed to meet the demands of modern users who require high-speed data transfer and connectivity with various devices.

Equipped with two USB-C ports, the hub ensures compatibility with the latest devices featuring USB-C connectivity. The USB-C interface supports USB 3.2 Gen 2 standards, enabling ultra-fast data transfer rates for efficient file sharing and device synchronization.

The USB 3.2 Gen 2 technology ensures rapid data transfer speeds, making it suitable for tasks like large file transfers, HD video streaming, and high-speed charging. The hub's compact and portable design makes it an ideal accessory for users on the go, providing extra connectivity options without compromising on convenience.
