Charge up to four devices

With a power output of 240W the Power Hub can conveniently charge up to four devices simultaneously. Leveraging Qi wireless technology, it can charge two Qi-enabled devices. The Wireless Charging Station is built with a USB-A and USB-C Power Delivery output port, making charging effortless and stress-free.

The Perfect Companion

The Power Hub Wireless Charging Station takes minimalism to a whole new level. The device removes the need for cables as it can charge two Qi-enabled devices wirelessly, alternatively you can also charge gadgets such as your Samsung Galaxy Buds or AirPods via its Wireless Charging case.

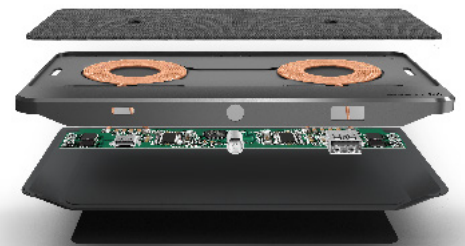

Power Delivery

To maximise charging potential, we have included an 18W USB-C Power Delivery port to ensure your devices such as the Google Pixel and iPad Pro charge at a faster rate. Alternatively, you can use the USB-A port that has up to 7.5W charging capabilities.

Certified Safe – meets and exceeds all safety standards:

Charge your device with peace of mind, knowing that the Alogic Power Hub Wireless Charging Station is certified to meet and exceed all international and regulatory standards.
