DP V1.4 DisplayPort 1.4

Plug and Play - Active Chipset

The HDMI adapter includes a built-in chipset to allow support for ACTIVE conversion. The ACTIVE cable will work with DisplayPort or DisplayPort outputs that are not capable of outputting DP++, such as a video card like AMD Eyefinity, it will also work with DP++ outputs. The cable is also Plug and Play, allowing for immediate use without driver or software installation

Ultra-Construction

The ALOGIC Ultra range is crafted from superior materials and specially designed to guarantee a longer lifespan. The adapter core is strengthened with synthetic fibre and reinforced with thermoplastic (TPE) jacket to provide increased protection against all types of wear and tear. The adapter head is also constructed from thermoplastic (TPE) for maximum strain relief and finished with a metal alloy housing for added durability.

User Interface

Input	DisplayPort Latching Male x 1
Output	HDMI Female x 1

Resolution

Up to 3840 X 2160 @60Hz

Package Includes

DisplayPort to HDMI ACTIVE Adapter x 1

Physical Characteristics

Colour	Space Grey
Cable Length	20cm
Materials	Metal alloy housing + TPE SR

Compatibility

Compatibility with DisplayPort 1.4 or earlier and HDMI 2.0 or earlier

Warranty

2 Years
