

ADD-1U24SCDM4

19-inch Rack Mount 1U Patch Panel with 24 SC Duplex, Multi-Mode OM4

Features

- OM4 Standard
- 1U 19" Rack Mount Chassis
- 24x SC Connectors

Product Description

This is an SC/SC fiber optic 19-inch 1U patch panel chassis with 24 SC Duplex In and 24 SC Duplex Out, multi-mode duplex OM4. It is a highly flexible fiber management unit that can be used stand-alone. Additionally, we also supply high-quality SC cassettes designed to reduce installation time and cost for optical network infrastructures in the premises environment. All of our products are 100% guaranteed to work, providing you a cost effective solution for all of your network upgrade needs.

Mechanical Specifications

Unit: mm

Material: SPCC, painted black color

About AddOn Networks

In 1999, AddOn Networks entered the market with a single product. Our founders fulfilled a severe shortage for compatible, cost-effective optical transceivers that compete at the same performance levels as leading OEM manufacturers. Adhering to the idea of redefining service and product quality not previously had in the fiber optic networking industry, AddOn invested resources in solution design, production, fulfillment, and global support.

Combining one of the most extensive and stringent testing processes in the industry, an exceptional free tech support center, and a consistent roll-out of innovative technologies, AddOn has continually set industry standards of quality and reliability throughout its history.

Reliability is the cornerstone of any optical fiber network and is engrained in AddOn's DNA. It has played a key role in nurturing the long-term relationships developed over the years with customers. AddOn remains committed to exceeding industry standards with certifications from ranging from NEBS Level 3 to ISO 9001:2005 with every new development while maintaining the signature reliability of its products.
