HYPERTEC
MAKING IT PERFORM

Need Help Finding your Perfect Memory Match?

With an extensive portfolio of Legacy and Current technologies we offer an upgrade solution for virtually any machine or business application. Our matched solutions also deliver considerable cost savings against OEM prices at scale, without compromising on performance or quality.
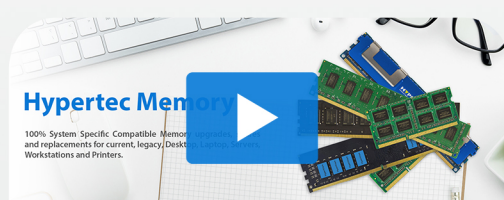

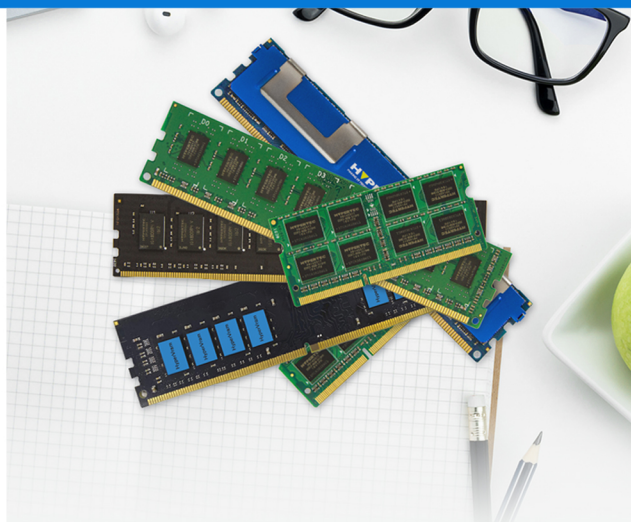

Match products to your machine as an OEM compatible solution. Simply Click the Hypertec Configurator link and search for a device by category or OEM Part number. Can't find what you're looking for on the Configurator? Simply contact your Account Manager for further assistance.

All Hypertec Memory comes with a Lifetime Warranty and is extensively QA Tested. Hypertec Server Memory undergoes target Platform-based stress and compatibility tests, and all Memory comes with Hypertec Free UK-based Technical & Post-Sales Support as standard.
Pass on the handy System Upgrade Tool to help establish your customer's needs whilst maximising your opportunity. Work alongside your Hypertec Account Manager to understand how we can drive value by doing the work with you.

To engage and drive conversations with your customers, view and share the Hypertec Memory Overview Video. The mobile friendly explainer video, provides convenient and accessible product information.

For more information about Hypertec Matched Memory, or to learn more about the complete Hypertec Range, contact your Hypertec Account Manager today.
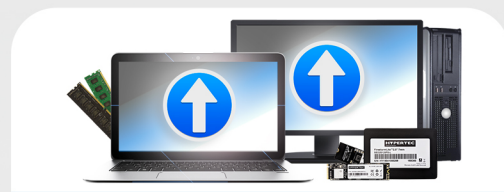

Hypertec Memory
